Welcome Parents and Students:

We are looking forward to an exciting and productive new school year with you and your students. This Student Handbook is a resource for some of the basic information that you and your student will need during the school year. In an effort to make it easier to use, the handbook is divided into three sections:

Section I - General Policies and Procedures
This contains information all students and parents will need to respond to school-related issues. This section also describes school operations and requirements.

Section II - Health Services
This section outlines Health Office Policies and Procedures.

Section III – Student Code of Conduct
All students and parents must review this section. After the Student Code of Conduct is reviewed, please sign and return the last page of the handbook to the school office.

Please note that the term “the student’s parent” is used to refer to the parent or legal guardian.

Both students and parents must be familiar with the Student Code of Conduct. Please be aware that the handbook is updated yearly, however policy adoption and revision may occur throughout the year. Changes in policy that may affect handbook provisions are made by the School Board in open meetings, which are publicized locally.

We strongly recommend that parents review the entire handbook with their students and keep it as a reference during this school year. If you or your students have questions about any of the material in this handbook, please contact the school office.

We are looking forward to a great school year of working with you and serving your students.

SECTION I

I. GENERAL POLICIES & PROCEDURES

A. CAMPUS BOUNDARIES

From the time a student arrives at school until they leave to go home, with the exception of lunch and early release, if they have left campus without permission, then they are subject to disciplinary action. This policy also applies to students who have parked off campus. Students are expected to plan and prepare well enough ahead to avoid leaving campus to go to their vehicle for any reason during the school day. Students are considered on campus when they are dropped off for school and may not leave campus before school begins.

B. PERSONAL ITEMS

Leading Edge Academy Faculty and Staff will not be responsible for ANY personal items (i.e., skateboards, cell phones, MP3 players, iPods, laptops, purses, textbooks, etc.). Personal items are the student’s responsibility.

C. REGISTRATION/ADMISSIONS

1. Enrollment in Leading Edge Academy Gilbert Early College

To enroll, request an enrollment packet from the office or enroll online at www.leadingedgeacademy.com. Leading Edge Academy will not admit students who have been expelled from a previous school. If it is discovered that a student has been previously expelled, the student’s enrollment may be terminated.

NOTE: One goal of Leading Edge Academy is to provide small classroom sizes. Therefore, pursuant to the School’s capacity policy and current enrollment, if insufficient capacity exists to enroll all students who submit a timely application, students may be placed on a waiting list.

2. Schedule Change Procedures

Once the school year begins, only the following schedule changes will be made:

a. Missing a period in schedule, incorrect placement, lacking prerequisite, courses needed for graduation or completed summer school work or other approved course alternative.

b. A Parent, Teacher, Advisor, and/or Administrator may initiate a level change within the first week and a half (1 ½) of each semester (i.e., honors class to regular class). Lower level requests may be granted only if students experience academic difficulty.

c. A student choosing to withdraw from a class and enter another class, including elective courses, before the first week and a half (1 ½) of the semester will not receive a W/F (Withdrawal/Failing) grade. A student
choosing to withdraw from a class and enter another class after the first week and a half (1 ½) of the semester will receive a W/F grade.

d. A request for a Teacher change may be considered if the following conditions are met: Parent and Teacher communication has occurred and an Administrator and Advisor’s approval has been obtained.

Notwithstanding the above, the school’s Administration may have to change a student’s schedule due to extenuating circumstances (i.e., addition of teaching Staff, etc.).

No schedule changes will be allowed after the first three weeks of each semester. In the rare circumstance that a class is dropped after the first three weeks of each semester, the student will receive a grade of W/F. Schedule change requests should be submitted to the Academic Advisor.

D. LIBRARY/MEDIA SERVICES

The Library/Media Center offers many resources to students, such as books, electronic databases, periodicals, and reference works. Access to online sources is also available to approved students.

Using the Library

Library hours run from 30 minutes prior to the start of school until 30 minutes following the end of school, allowing students to use the facility before and after school. During lunch and early release, students may check in to the library for study purposes only. Any student assigned to a class must have a pass from that Teacher in order to be admitted. Access may be limited during the school day due to class research periods. From time to time, the library hours may be adjusted as necessary.

Checking Out Materials

If students desire to check out any items or materials from the library (maximum two at one time), they must check out the books or materials with the Librarian. Most materials are checked out for a period of two weeks, after which time a fine of $0.05 is charged daily. Fines and overdue materials must be cleared before students may check out any other materials and excessive fines may result in disciplinary action. Students will be required to pay for any books that are lost.

Services

Students may use computers on a first-come, first-served basis. Students are required to save documents onto a personal flash drive. Documents saved to the computers will be deleted on a regular basis during the maintenance of the computers, and therefore students who save documents to the hard drive do so at the risk of losing the document. Students may be required to purchase their own materials or pay for copies at $0.10 per copy. **Teachers and Office Staff will not be able to make copies or print documents for students.** Periodicals (magazines) and textbooks are available for pleasure reading or study. Please note that these materials may only be used in the library.
E. ADVISING

Advising Services are provided to assist students in course selection, schedule adjustments, vocational and career planning, scholarship applications, college admissions and dual enrollment at a local community college. In order to meet with the Advisor, please schedule an appointment in the office. Students may also stop by the office, but there are no guarantees of availability.

F. PARKING GUIDELINES

Parking space is limited on campus. Parking is a privilege, not a right. Therefore, this privilege will be revoked for violations of the parking guidelines. Seniors and juniors will be given priority in permit allocation. Students who drive vehicles to school park at their own risk and must understand that neither the school nor the Governing Board can be held responsible for the vehicle. In order to park on campus, a student must register their vehicle in the school office. When applying for a permit, please provide driver’s license, proof of insurance, license plate number, and the make and model of the vehicle.

Students who drive to school should be aware of the following guidelines and procedures:

a. Parking on campus will be limited to the designated areas, on a first-come, first-served basis. Students should never park in the Faculty or reserved parking spaces.

b. Students are not to go back to their vehicles during school hours without proper authorization from the school office.

c. Students who may be driving more than one vehicle to school must register all vehicles.

d. Students who leave campus without the proper authorization will be subject to disciplinary action including potential loss of parking privileges.

e. While a student’s vehicle is parked on school property, there is not legitimate expectation of privacy. Vehicles may be searched if, in the opinion of the Administration, reasonable suspicion of a violation exists.

f. Neither the school nor any Staff member will be responsible for any damage to vehicle locks if a request for assistance is made by a student or parent.

g. For the safety of all, a 15-MPH speed limit will be strictly enforced on campus.

h. Reckless driving will result in the loss of parking privileges on campus and no warnings will be issued.

G. LUNCH

Lunch is available for purchase through the Leading Edge Academy website. Menus and information are available in the office and online and all meals must be prepaid.

H. ATTENDANCE & TARDINESS

Since consistent attendance is essential to academic success, students must attend school regularly, arrive on time, and not leave during the school day for unnecessary
business. State law charges the parent with the responsibility for the student’s consistent school attendance. **A student must be in attendance a minimum of ninety (90) percent of each semester per class period.** Excessive absences may result in the student not receiving credit for the course(s). An absence is defined as all or part of a school day, excused or unexcused. An excused absence is an absence due to illness, doctor appointment, bereavement, family emergencies and out-of-school suspensions not to exceed 10% of the instructional days scheduled for the school year. When a parent knows that the student will be absent for more than one day, one phone call to the school will be sufficient. School Administrators may require verification of an absence due to illness or injuries.

1. **State Law**

   Regular school attendance is essential for success in school; therefore, absences shall be excused only for specific reasons including illness, bereavement, family emergencies, and observance of major religious holidays of the family’s faith.

   Before scheduling medical and dental appointments, the Administration strongly encourages parents to consult the school calendar and school hours. In addition, family vacations should be scheduled when school is NOT in session.

2. **Student Attendance**

   In the event of an absence, the parent is expected to inform the school by calling the school attendance line at (480) 545-8011 within 24 hours of the absence. If a student is absent for an extended period of time for medical reasons, documentation from a medical doctor may be required at the discretion of the school Administrator. The documentation will outline any limitations to which the student must adhere.

3. **Absence Notification**

   When the school has not been notified of an absence, the school shall make reasonable efforts to notify parents of a student absence. It is the parents’ responsibility to provide the school with the most recent telephone contact number. Parents will be notified in writing of excessive school absences.

   Actions taken by the school for absences:
   a. When a student is absent for 10% of the school year a letter will get sent home. (i.e. If school has been in session for 50 days a letter will be sent home on their 5th absence as a reminder.)
   b. When a student reaches 10 absences a parent meeting will be required to address ongoing attendance concerns.
   c. When a student reaches 18 absences an attendance committee will be convened with the parent/guardian and the student to determine the most appropriate course of action. Pursuant to A.R.S. 15-802 (B)(1), students who are not in attendance at least 90% of the school year are subject to possible retention/loss of credit. The student may be retained/lose credit, placed on an attendance contract, and/or dropped from the class with a grade of W/F by the attendance committee.
   d. Ten consecutive absences: Students absent for ten (10) consecutive school days, except for excused absences, shall be withdrawn from the school pursuant to A.R.S. 15-901 (A)(2).
The Network and its Board, Employees, or Agents are not liable for failure to notify.

4. **Arrival At and Departure From School**
   Students should arrive at school no earlier than 30 minutes before the start of the school day. Students should be picked up or depart the campus promptly once school is dismissed and be off campus by 3:30 p.m. Staff is not able to provide supervision outside of these hours.

5. **Make-Up Work**
   When an absence is excused, students are allowed one day for each day absent to submit make-up work. The student is responsible for getting their own work. A student who does not make up assigned work within the time allotted will receive a grade of zero for the assignment. Work can NOT be made up for credit for unexcused absences.

   Parents may request missed assignments for extended absences. Teachers need 24 hours advance notice to accommodate such a request.

6. **Check-In/Check-Out Procedures**
   Students returning to/leaving from campus during the day must check in and out through the school office. Students who do not comply with this procedure will not be excused from classes. A parent must sign the student in or out, in person, in order for the student to leave for any reason. Self-excusers (18-year-old senior students) agree to not sign themselves in or out without Parental/Administrative permission.

7. **Tardiness**
   Students are responsible for being in class, in their seat, at the posted time that each period begins and at the time stated by each Teacher for any breaks during the period. Students who are tardy the period after lunch may lose off campus lunch privileges. Students will receive a detention for every three unexcused tardies.

   Parents may not excuse their student’s tardies more than three times within a semester. Any tardies beyond the three will count toward the consequences outlined above for students.

   NOTE: Because of the number of class changes throughout the day, it is possible for students to accumulate multiple tardies within one school day. It is possible that a student could earn multiple tardies in one day and automatically receive detention without any warning or parent notification.

   Student Attendance Legal References:
I. SCHOOL PROCEDURES

1. **Faculty and Staff Authority**
   Arizona law authorizes school employees to act “in loco parentis” (in place of parents). Therefore, all students are subject to the authority of all Faculty and Staff members during the regular school day and while attending any school function. Any student who is insubordinate or disrespectful to a Faculty or Staff member or violates generally accepted rules of good citizenship and behavior will be referred to the office for disciplinary action. Students should comply with reasonable requests made by Faculty, Staff, and Administration.

2. **Released Time**
   **Off-Campus Lunch**
   Leading Edge Academy students in grades 9-12 **MAY** receive the privilege of off-campus lunch. This is a privilege and may be revoked by the Administration as necessary due to absences, disciplinary issues, tardies, or various other reasons.

   Students must abide by the following guidelines for off-campus lunch:
   a. No current discipline issues.
   b. No driving or riding in a student vehicle.
   c. Return to 6th period class on time, NO exceptions.
   d. Only visit the following: Los Favoritos, Hungry Howie’s, Dragon Wok, Shell Food Mart, Jack-in-the-Box, Subway, Venezia’s
   e. Always use the crosswalk at Ray and Cooper roads to cross the street.
   f. Follow school rules and regulations while off campus.

   Failure to abide by these guidelines may result in the immediate loss of the off-campus lunch privilege for the student or entire student body. Off-campus lunch will be evaluated throughout the semester to determine the success of the privilege. Should the school receive any complaints from the restaurants, stores, tenants of the approved restaurants, or local tenants, the off-campus lunch privilege will immediately be evaluated and possibly discontinued indefinitely.

   In addition, students who remain on campus or return during lunch are NOT permitted to be in classrooms without a pass from the appropriate Teacher. Students will be allowed to enter the classroom once the bell rings at the end of the lunch period.

   NOTE: Early release students are exempt from these guidelines; however, non-early release students are not allowed to ride in early release student’s vehicles. If an early release student allows a non-early release student or students to ride in their vehicle during school hours, they will be subject to disciplinary actions, such as losing driving privileges.

   **Early Release**
   Students deemed early release students (typically seniors and juniors who participate in the Early College program or EVIT) will be released after 5th period. Once released, students must leave the campus and are not allowed to return, except for extracurricular activities, to pick up another student after

   Leading Edge Academy Gilbert Early College Handbook – Board Approved 6/27/18
school, or for a pre-arranged meeting with a Teacher or Administrator. Once the student has left the campus, they may not return to the campus, even during the lunch break. **Students who return to school after early release dismissal will be treated as non-students and must sign-in as a visitor in the school office and follow the guidelines for visitors.** This is to provide accountability and a log of any person(s) on campus during school hours for the safety of all students and employees. If students do not comply with this rule, they will be sent to the office and issued a detention.

*Juniors who do not participate in either the Early College program or EVIT will be required to stay on campus until the end of the day.*

3. **Visitors**
   All visitors must check in at the school office and wear a visitor’s badge while on campus. Students may not bring guests to school without prior approval by the Administration. Unauthorized visits from students and non-students are prohibited and may result in arrest.

4. **Telephone Usage**
   The office phones are **NOT AVAILABLE FOR PERSONAL CALLS.** Students may use the office phone **ONLY** for calls that are emergency in nature. Students will not be called out of class to answer the phone, except for emergency calls from parents.

5. **Personal Electronic Devices (Non-Instructional Use)**
   Cell phones may be in a student’s possession on campus; however, cell phones **are to be turned off during instructional time.** This includes use in hallways, washrooms and all common areas during instructional time. Students may not call their parents from their cell phone if they are ill. They are required to go to the office and the Health Assistant will call the parent if the student needs to go home. **PARENTS: Please do NOT call students during class time.** Students are to keep their cell phones in backpacks, purses, pockets, or in the hanging cell phone holder in every teacher’s classroom during each instructional period. Electronic devices will be confiscated from any student found to be out of compliance with this policy. The first time a phone or electronic device is confiscated, the student may return at the end of the day and retrieve it from the Staff member that confiscated the device. The second time a phone or electronic device is confiscated, the student must pick it up from the Principal at the end of the school day. The third time a phone or electronic device is confiscated, the student’s parent or guardian will have to come to the school office to retrieve the phone or device.

   Students are permitted to possess items such as laptops, tablets, radios, CD players, digital recorders, MP3 players, camcorders, DVD players, cameras, or any other electronic devices at school, but must be used appropriately and for educational purposes. If an Administrator and/or Teacher gives a student permission to use one of these electronic devices in their class, it should ONLY be used during that class period and is deemed inappropriate use outside of that class period. The student will then be subject to disciplinary action for using the device outside of the approved class period.
Any use of electronic devices, for taking photos, audio or visual recordings or instant messaging during school hours is prohibited. Violating this policy will result in the confiscation of the electronic device and possible further consequences, including possible police involvement. Students choosing to bring electronic devices, including cell phones, to school do so at the risk of confiscation, theft, or damage; Leading Edge Academy and Staff are not responsible for any damage to missing or stolen electronic devices. (Please refer to Appendix H for details of our Bring Your Own Technology policy.)

6. Custody
In most cases, parents shall be given reasonable access to their student at school and to their student’s official school records. Exceptions to this will be made in cases where there are court orders restricting the rights of one parent to access a student and/or the student’s official school records. It shall be the responsibility of the parent who has a court order restricting the rights of the other parent to notify school Officials of the conditions and to provide school Officials with a current copy of the court order. In cases in which a person other than the parent has been granted guardianship, the legal guardian shall be responsible for notifying school Officials of the conditions of the guardianship and for providing school Officials with all pertinent written documentation or changes.

7. Student Records
Parents have reasonable access to their student’s school records. School employees observe confidentiality of student records and recognize that only important, factual information should be in permanent records. Parents requesting copies of student school records should provide the request in writing. All requests for educational records will be handled according to state and federal regulations.

8. Lost and Found
Leading Edge Academy and its employees are not responsible for lost or stolen property; however, a student should report lost and/or stolen items to the office immediately. Any found items should be taken to the office immediately. Lost and found items are kept in the school office. Students should check in the office if they have lost anything. It is recommended that all books and valuable items, such as calculators, purses, wallets, instruments, electronic devices, yearbooks, etc., be carried in a backpack and remain in students’ possession at all times. At the end of each semester, unclaimed items will be donated to charity.

9. Skateboards, Rollerblades, Scooters, Bicycles and Heelys
Students may use the above listed modes of transportation to ride to school. Once at school, these items are either to be stored by the student or placed in a designated place (i.e., bike racks, office). Students are not to use any of the above on the school campus, except with the permission of the school Administration.
10. **Pets**
    Pets are NOT allowed on campus under any circumstances. Service animals are allowed on campus pursuant to the school’s policy located in Appendix J.

11. **Change of Address and Telephone Number(s)**
    It is very important that parents notify the office immediately of any change of address or telephone number. The office phone number is (480) 545-8011.

12. **Signs and Posters**
    Organizations or persons desiring to display posters must have authorization by the Sponsor and/or Administration. All posters, decorations, and tape must be removed by 6 a.m. of the school day following the activity/event. If this is not done, the Sponsoring organization or individual will be assessed a fine that is payable to the Student Body Activity Fund. Publicity for election campaigning must follow the rules of good taste. Posters can only be placed in designated areas.

13. **Withdrawal from School**
    The Faculty and Administration encourages all students to remain in school. Students who are having problems are advised to see the Advisor, Teacher, or Administrator for guidance. A student under age 18 may be withdrawn from school only by a parent/legal guardian. The school requests notice from the parent at least three (3) days in advance so that records and documents may be prepared. A withdrawal form may be obtained by the parent from the school office and must be turned in along with all school property before the student will be withdrawn.

14. **Student Fees**
    Materials that are part of the educational program are provided with state and local funds and are at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:
    a. Fine Arts and Vocational education course fees ($20 per class).
    b. Costs of materials for a class project that a student will keep.
    c. Costs for elective course materials, lab materials, reference materials, novels, or other consumable workbooks recommended by either the high school or college that becomes property of the student.
    d. Membership dues in voluntary clubs, extracurricular activities, and/or student organizations and admission fees to extracurricular activities.
    e. Security deposits.
    f. Personal physical education and athletic equipment and apparel.
    g. Voluntarily purchased pictures, publications, yearbooks, etc.

15. **Access to Materials**
    Students are expected to have access to the Internet and Microsoft Word outside of school hours, whether at home, a public library, family or friend’s home, etc., to work on assignments for school. Access is available in the school’s Library/Computer Lab; however, students must make arrangements before or after school or during lunch.
16. **Fundraising**
Student clubs or classes, extracurricular organizations, and/or parent groups occasionally may be permitted to conduct fundraising drives for approved school purposes. All fundraising activities must have prior approval from the Sponsor and Administration.

17. **School Facilities: Use/Pest Control/Vandalism**

*Use by Students Before and After School*

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place. Unless the Teacher or Sponsor overseeing the activity gives permission, a student will not be permitted to go to another area of the building or campus. After dismissal of school in the afternoon, and unless involved in an activity under supervision of a Teacher/Sponsor, students must leave campus immediately.

*Pest Control*

The school periodically applies pesticides inside buildings. Except in an emergency, signs will be posted 48 hours before application. Parents who want to be notified prior to pesticide application inside their student’s school assignment area may contact the school office.

*Vandalism*

To ensure that school facilities can serve those for whom they are intended – both this year and in the coming years – littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

J. **ACADEMICS**

1. **Grading System**

Leading Edge Academy Gilbert Early College maintains a continuous system for informing parents of the status of their student’s progress in a class. **THE SEMESTER GRADE IS THE ONLY GRADE POSTED ON THE CUMULATIVE RECORD CARD (TRANSCRIPT).**

- A=Work of excellent quality
- B=Above average work
- C=Average work
- D=Below average work**
- E=Excellent
- S=Satisfactory
- N=Needs improvement
- U=Unsatisfactory, no credit
- I=Incomplete*
- P=Non-competitive grade
- W=Withdraw

* An Incomplete grade must be made up within four (4) weeks or it becomes an “F.” A “W/F” is the equivalent of an “F.”

**A “D” in any class is not considered a passing grade.”
Grade Clarification:
- A passing grade shall be determined on a cumulative basis, from the beginning of instruction to the recording of a transcript grade.
- Withdraw/Fail (W/F) grades and grades received in all other courses for which the student is responsible will be used in determining a student’s GPA.

2. **Report Cards**
Report cards are issued at the end of each quarter and are available to be viewed on FamilyLink throughout the semester. Report Cards are mailed home at the end of each semester. Parents are encouraged to contact Teachers for any clarification. Report cards contain a grade to date plus comments to give parents feedback on how they can help their student(s). If you are unable to access the FamilyLink system, please contact the school office for your login and PIN number.

3. **Weighted Courses**
Honors Courses or courses with weighted grades are available through our Early College Program at the community college and/or in certain core classes. Weighted grades are assigned to classes that are accelerated and academically more challenging. If you are interested in Honors courses, please see the Academic Advisor. Please be aware that Arizona universities and many others may unweight these grades.

4. **Final Exams and Exemptions**
Secondary students are expected to take final examinations as scheduled during final exam week. Students who do not take their final exams during the scheduled time will be given an Incomplete in the course and will need to make special arrangements through school Administration in order to complete the final exam at another time. Final exams comprise up to 20 percent of a student’s grade.
Final exam exemptions are considered a privilege at Leading Edge Academy Gilbert Early College. To better prepare students for college and future exams or licensure tests, our goal is to provide students with opportunities to practice good study skills and to experience cumulative exams. Students in grades 7-10 are required to take ALL final exams; only students in grades 11-12 may be exempt from a final exam. Exceptions may be granted for 10th grade students admitted into the Early College Program.

To qualify for exam exemptions, a student must meet the following requirements:

a. A grade of 95% or higher in the course.
b. No more than three (3) absences in the course.
c. No more than three (3) tardies in the course.

NOTE: Absences due to In School Suspension will be counted toward absences in those courses.

5. **Course Progression/Repeating Courses/Mandatory Tutoring/Ninth Hour**

**Course Progression**
Students are only allowed to progress to the next core course with a minimum grade of “C-” in both semesters. Should a student earn any grade below a “C-,” (for the year long course or one semester of the course) they will be required to repeat the course or the portion of the course prior to moving on to the next core course.

**Repeating Courses**
Students who have earned a grade of D+ or below will be required to retake the core course to earn credit to progress on to the next core course. (For example, if a student earns a D- in Algebra I, they will need to repeat the course with a C- or better to move on to Geometry.) Students may repeat a core course to improve their grade, but may not earn additional credit toward graduation by repeating the course. Students who repeat the course and earn a passing grade forfeit the credit previously earned. Students who repeat the course and then earn an F or D do retain credit earned from the previous attempt. In both cases, the original grade remains on the student records; however, the highest grade in the course is acceptable toward graduation and factors into the overall grade point average.

Students may also repeat a course in which they have earned an F. The F is not removed from the record and both grades are used in computing the GPA. Students may retake elective courses for credit. (For example, a student may take Art multiple times throughout high school.) All courses will factor toward a student’s overall grade point average, appear on the student’s record, and count towards graduation.
Junior High (Grade 7-8) Ninth Hour Policy
This program is an extension of the school day. The Ninth Hour will last approximately 45 minutes which will be added to a student’s school dismissal time. Ninth Hour will be used for study-hall purposes and will begin immediately after dismissal and last until 4 p.m. Students may earn a regular dismissal by arriving on time to each of their classes and being prepared with completed homework and other required materials. Responsibility checks will be made by each Teacher every hour of the day to see that all students are ready to learn. Each student will carry an assignment calendar. Teachers will stamp a “No” when a student is not responsible or prepared for that class period. The students will be able to earn a Free Pass if they go an entire month without getting a “No” stamp. They can use the Free Pass when a Teacher is ready to stamp their assignment calendar.

- If a student receives a “No” stamp on a Friday, the Teacher will stamp the following Monday and the student will be required to serve their ninth hour on that Monday. If they receive another “No” stamp on that Monday, they will serve that additional Ninth Hour on Tuesday.
- If a student wants to use their Free Pass, the Teacher will stamp the “No” stamp and then use a sticker to cover the “No” stamp.
- In each class period that a student receives a “No” stamp, they are required to fill out the Ninth Hour form that will be sent to the supervising instructor for Ninth Hour.
- Students are allowed to reschedule their Ninth Hour only two (2) times per semester and must complete a reschedule form if needed. Rescheduling of Ninth Hour is only allowed for emergencies, such as a parent having a previous appointment scheduled on that day.
- An incentive-will be provided to students who go all year without getting a ‘no’ stamp or using any free passes.
- Students who receive a Ninth Hour will receive a 9th Hour Slip and an email from the teacher notifying the guardian of the 9th hour. It is required that the guardian either signs the slip or responds to the 9th hour email stating that the student has transportation. If no communication is received by the teacher and no reschedules are available then the 9th hour will turn into a detention. If the detention is not served it will turn into a Friday school. If the Friday school is not served then it will turn into a one day out-of-school suspension.

6. National Honor Society Membership

10. **Graduating with Honors**
Seniors who have met the College Prep Diploma graduation requirements and maintained an overall unweighted GPA of 3.75 or higher shall be eligible to graduate with Honors.

11. **Testing**

State assessments for students with disabilities will be handled in accordance with their Individualized Education Plan or Section 504 plan.

**PSAT**- The PSAT is highly recommended for college bound students; however, it is not required. Students typically take the PSAT during their sophomore and/or junior year during the fall. In addition the PSAT 8/9 will be offered for 8th and 9th grade students.

**SAT**- The SAT is highly recommended for college bound students as most colleges/universities require an SAT or ACT score during the admissions process. Students typically take the SAT during the spring of their junior year or fall of their senior year.

**ACT**- The ACT is highly recommended for college bound students as most colleges/universities require an SAT or ACT score during the admissions process.

**English Language Learners**- Arizona law requires that children with a home language other than English be assessed using the Arizona English Language Learner Assessment (AZELLA) for proficiency in oral language, reading comprehension, and written communication. receive various forms of instructional support focused on English acquisition. Leading Edge Academy offers an English Language Learning Program to serve students who need assistance in learning English. Full inclusion of English Language Learners is practiced.

Dual enrollment classes are tuition-based and are the responsibility of the student/parents to cover. Students earn credit through Chandler Gilbert Community College and also receive high school credit for the approved course. Students are required to pass a placement test to meet the requirements and/or prerequisites for the course. Textbooks are provided by Leading Edge Academy Gilbert Early College.

**College Track Plans**

Students will normally choose one of three college track plans:

2. Associates or Diploma Studies: Classes that lead to a one-year diploma or a two-year Associates Degree. Generally for students who are preparing to enter a career without going on to a four year university.
3. Exploratory Studies: A combination of classes that are required transferable classes or classes in areas that a student is interested in further exploring. For students who are not yet sure of specific career path choices.

**Registration Process**

1. Meet with the Academic Advisor for pre-approval of eligibility and to discuss course selection. This is typically done in April for fall courses and October for spring courses. Final approval will be given at the conclusion of each semester, once final grades, discipline records, recommendations, and applications are reviewed by the Early College Committee.

2. Set up your CGCC Online Student Center online at www.my.maricopa.edu, and then apply for admissions through the Student Center in order to enroll.

3. Schedule an appointment to take the placement test for English, Math, and Reading through the Testing Services website and take the placement test. Note: During the spring semester, placement tests may be offered on the LEA GEC campus. See the Academic Advisor for details.
4. Upon completion of the placement test, schedule a meeting with the 
Academic Advisor and bring your scores to determine which courses you 
will take based on your placement scores. The Academic Advisor is required 
to sign your “Request for Admission/Enrollment Form” as a concurrently 
enrolled student (enrolled in high school and college) for students under the 
age of 18.

5. Schedule an appointment, meet with the CGCC Academic Counselor, and 
take your “Special Admission Form” to register. At this time, you will be 
required to provide proof of residency and photo ID. NOTE: All students 
who are under the age of 16 years old at the start of the course must meet 
with the “Under Age Counselor.”

6. Register for the Leading Edge Academy pre-approved course(s) at CGCC. 
(Course(s) must start at 12:40 p.m. or later unless approved by the 
Academic Advisor.) If you are a first time student at CGCC, you need to 
register for a New Student Orientation.

7. Pay the tuition and fees for the courses at CGCC and bring a copy of your 
course schedule to the Academic Advisor to keep on file. *Failure to submit 
a course schedule may affect reimbursement upon completion of the 
course. 
NOTE: ONLY tuition will be reimbursed.

8. Attend the scheduled New Student Orientation at CGCC. This orientation is 
a great overview of the services available to students at CGCC. Many of 
these services are in place to help with student success.

9. Take a copy of your schedule to the bookstore on campus to purchase the 
appropriate textbooks. Textbooks vary per course section, so you will need 
the section number.

10. Obtain Student Photo ID Card and Parking Decal (if you plan to drive). These 
are both free. The Student Photo ID Card is necessary to use the on-campus 
computer labs and library.

REMINDER: A progress report is due mid-semester. It is the student’s 
responsibility to turn this into the Academic Advisor.
Attendance
Attendance is essential for student success at the community college level. Absences from class may result in a serious disruption of the student’s mastery of the instructional material or the student being dropped from the course; therefore, the student and parents should make every effort to avoid unnecessary absences. Please refer to each instructor’s syllabus for the attendance policy for the course. The instructor’s attendance policy often differs from the attendance policy set by Leading Edge Academy Gilbert Early College.

The Leading Edge Academy school calendar and the school calendar for the community college may differ. If the college is still in session and Leading Edge Academy is not in session, please make every effort to be in attendance for college courses to ensure success. If the college is not in session and Leading Edge Academy is in session, the student will not be required to stay on the school campus during hours that are typically spent at the college.

Report Cards and Transcripts
Each student is responsible for requesting mid-semester grades from their instructor and providing these grades to the Academic Advisor. If grades are not available on Canvas or online, a progress report form is available in the school office for the CGCC instructor to fill out. Final grades for the semester must be submitted to the Academic Advisor. Should the student and/or parent fail to provide mid-semester and official final grades to the school, reimbursement for college tuition will be impacted. (Please refer to the Payment and Fees section for additional information.) In addition, high school credit will not be given for the college course until official final grades/transcripts are turned into the Academic Advisor.

Grades
Leading Edge Academy Gilbert Early College requires that each student attain a minimum grade of “C” in each course taken at CGCC in order to receive reimbursement, as well as a 2.75 GPA at school. (Please see the Payment and Fees section for additional information.) Refer to the CGCC catalog and handbook for standards set by the college and/or program in which the student is enrolled regarding grades.

13. East Valley Institute of Technology
East Valley Institute of Technology (EVIT) offers career and technical education for 11th and 12th students enrolled in high school. Courses offered at EVIT are considered elective courses and students must enroll in the afternoon programs. Students interested in dual enrollment with EVIT should contact the Academic Advisor. EVIT offers opportunities to earn college credit at a cost. This cost is the responsibility of the student and/or parent.

This includes preparing students for adult citizenship and ethical issues, as well as preparing them for careers and higher education. For these reasons, it is important for the school to teach character attributes, ethics, citizenship, and community service in conjunction with academics.

Students will have the opportunity to participate in a school-wide service day each semester to help them earn community service hours and connect with various organizations within the community. Other opportunities will be available throughout the semester outside of school to assist students in earning their hours.

All hours will be kept on file with the Academic Advisor. If a student partners with an organization and volunteers outside of the designated school-wide service days or school sponsored service projects, the student must get a Community Service Hours Form from the Academic Advisor for the Volunteer Services Coordinator of the organization to sign. This form must be returned to the Academic Advisor.

L. ACTIVITIES

To participate in extracurricular activities, students must have a passing grade in all the classes on their schedules including community college and EVIT courses. Grades are reported through periodic progress reports and report cards. If a student received a failing grade, they will be declared ineligible to participate on the day following issuance of progress reports or report cards. If a student was ineligible and all classes are passed on the new report, they will become eligible on the Monday after issuance of that report. Final ineligibility decisions rest with the Administration. This includes athletics and performing arts.
Any student whose general behavior presents a problem or jeopardizes general school character expectations will be restricted from participation in extracurricular activities until such time that his or her behavior warrants reinstatement.

Music played at Leading Edge Academy Gilbert Early College must adhere to the school’s educational mission. All music played during any school function must be school appropriate. Although the school will have a field trip permission form on file for most students, 24-48 hours notice will be given for field trips within the Phoenix-metro area. If a field trip exceeds regular school hours, a separate permission slip will be sent home and must be signed and returned for a student to participate prior to the field trip. **Students will not be allowed to call home on the day of the field trip to receive parental permission.** Parents may contact the campus Administrator for additional information on field trip procedures. Students must follow the “Safe Student Transportation” guidelines while on a field trip in school transportation or in a passenger car of parents/guardians, school personnel, and/or chaperones.

   **Incentive Field Trips**

   Incentive field trips will be offered each semester as a reward for hard work and self-discipline, as well as demonstrating positive character traits. It is the philosophy of Leading Edge Academy Gilbert Early College to recognize and reward students for their diligence and character, as students are committed to the academic rigor of our program. This is also an opportunity to build community amongst students, Faculty, and Staff. Only students who meet the requirements will be eligible to attend. N. TRANSPORTATION

Transportation to and From School, Including School-Sponsored and Athletic Events
Transportation provided by the school is a privilege. The primary purpose of school transportation is to safely transport students to and from school, community college, and/or school sponsored activities. The school Staff commits to providing the safest transportation that our resources allow. Exceptions to this rule must receive prior approval from school site Administration. Students who are transported to and from school on buses, vans or other vehicles provided by the Network are under the authority of the driver who is operating the vehicle. Students shall observe Network policies, regulations, and rules while being transported.

If a student rides a school vehicle regularly to be transported to and from school, they must have a Transportation Permission Form on file prior to being allowed on school transportation. This acknowledgement lets the school know that you have received information pertaining to the expectations established for your student passenger and that your student is aware of the standards for school transportation. We request that you keep an up-to-date telephone number on file where you can be reached during the school day should we need to contact you regarding your student’s conduct on school transportation. 18. Students are permitted to ride only the assigned vehicle. Any exceptions must be requested in writing by the student’s parent or legal guardian and approved by a school official.
19. Remain seated while the vehicle is in motion and until it comes to a complete stop.

These expectations are taken from various regulatory sources, including federal regulations and laws, Arizona state laws and regulations, DPS regulations and LEAD Charter Schools’ policies.
SECTION II

II. HEALTH SERVICES

A. EMERGENCY MEDICAL TREATMENT AND INFORMATION

The Health Assistant is available to students during school hours. If a student should feel ill during school, it is important that they go immediately with a pass to the Health Office to see the Health Assistant before phoning a parent or leaving campus. First aid is the only treatment given to students at school. In case of an emergency, the parent will be contacted. If we cannot reach the parent/guardian or anyone from the student’s Emergency Contact Information, the school may call paramedics, who may decide that the student needs to go to the hospital and an ambulance should be called. The cost of this service, if any, is the parent’s responsibility.

Any medication that students must take during school hours, including inhalers, over the counter or prescription medication must be registered with the Health Office. No student may carry any medication on campus. The ONLY exception would be in the case of inhalers and emergency epinephrine but ONLY with the appropriate paperwork on file with the Health Office and special clearance given prior to the student carrying medication on their person.

State regulations prohibit a school Health Assistant from treating an ill or injured student. If your student becomes ill or is injured, you or your emergency contact will be called. The parent or designee must promptly pick up the student who cannot return to class as we have limited space in the Health Office.

NOTE: Please notify the Health Office Staff as soon as possible of any phone number or emergency contact number changes that occur during the school year. Please update the Health Office Staff if your child has any major changes in their general health status during the school year.

B. MEDICATION AT SCHOOL

In order to comply with state guidelines, the following policies on dispensing medications to students during school hours have been implemented:

a. Whether a prescription or an over-the-counter drug, the medication must come in the original container. Your pharmacist should be willing to provide two medicine vials – one for school and one for home – if necessary.

b. Medication must have the student’s identification on the vial.

c. Do NOT send medication to school with your student. All medications are to be brought in by the parent/guardian.

d. Parents/Guardians must complete a medical consent form before school personnel can administer medications.

e. All medications will be kept in a locked cabinet in the Health Office.

f. A student may keep a prescribed inhaler with them during the school day, but a medical consent form must be complete and on file with the Health Assistant.
C. DIABETES POLICY

In accordance with Arizona Revised Statute 15-344.01, the management of students with diabetes in the classroom, on School grounds and at school-sponsored activities shall be in compliance with this policy. Students attending Leading Edge Academy with diabetes shall have a Diabetes Medical Management Plan (DMMP) on file with the School and the DMMP shall be updated and submitted annually.

The DMMP shall:

- Be provided by the Parent or Guardian;
- Be signed by the appropriately licensed health professional or nurse practitioner;
- Authorize the student to carry appropriate medications and monitoring equipment;
- Acknowledge that the student is capable of self-administering medications and equipment;
- Specify a method to dispose of equipment and medications in a manner agreed on by the parent or guardian and the School; and
- List the medications, monitoring equipment, and nutritional needs that are medically appropriate for the student to self-administer and that have been prescribed or authorized for the student.

Student Self-Administration of Medication

Students are to take extraordinary precautions to ensure that any medication or equipment is secure and shall never make the medication and/or equipment available to another student. The student shall immediately report to School Administration any theft or loss of the medication and/or equipment brought to the School. Violation of these procedures may subject the student to disciplinary action.

- Students are required to practice proper safety precautions for the handling and disposal of the equipment and medications authorized under the DMMP.
- Medication must come in the prescription container as provided by the physician and/or pharmacy.
- If a student fails to practice proper safety precautions, the School may withdraw student’s authorization to self-monitor blood glucose and/or diabetes medication and develop a plan for administration by a designated staff member.

School Administration of Medication

If a student is not capable of self-monitoring blood glucose and/or self-administering medications, any medication administration services specified in the student’s DMMP shall be provided by the School. Two or more staff members shall be identified as designated staff members for the purposes of the administration of diabetic medications including storing, supervising ingestion, and recording. School employees shall not be subject to any penalty or disciplinary action for refusing to serve as a designated staff member. Designated staff members shall receive training by an appropriately licensed health professional as to the implementation of a student’s DMMP.
The School, its employees and members of its governing body, are immune from civil liability with respect to actions taken to adopt this Policy and all decisions made and actions taken that are based on good faith compliance with this Policy.

D. IMMUNIZATIONS

State law requires the school office to receive up-to-date proof of immunization from the parent/guardian for a student to enroll in school. If a student received an immunization during the summer, an official record from the student’s doctor, previous school or local health department must be turned in to the Health Office before the first day of school.

Documentary proof is not required for a pupil to be admitted to school if one of the following occurs:

a. The parent/guardian of the student submits a signed statement to the school Administrator stating that the parent/guardian has received information about immunizations provided by the Department of Health Services, understands the risks and benefits of immunizations and the potential risks of non-immunization, and that due to personal beliefs, the parent/guardian does not consent to the immunization of the student.

b. The school Administrator receives written certification, which is signed by the parent/guardian and by a physician, which states that one or more of the required immunizations may be detrimental to the student’s health and which indicates the specific nature and probable duration of the medical condition or circumstance, which precludes immunization.

In the event of an outbreak of a vaccine preventable disease for which a parent/guardian cannot provide proof of immunity for your student, your student will not be allowed to attend school until the risk period ends. The Department of Health Services or local health department shall transmit notice of this determination to the school Administrator responsible for the exclusion of the students.

E. ILLNESS POLICY

Please call the school office if your student has been diagnosed by a physician with an illness that is contagious (chicken pox, strep throat, conjunctivitis/pink eye, etc.).

Do not send your student to school if they:

a. Have a deep hacking cough.

b. Have green mucus.

c. Have a noticeable infestation of lice or lice nits.

d. Have had vomiting in the past 24 hours.

e. Have had diarrhea in the past 24 hours.

f. Have had a fever in the past 24 hours.

g. Have been on antibiotics for less than 24 hours. This includes eye drops for conjunctivitis (pink eye).
F. **CHRONIC ILLNESS**

If a student’s attendance will be affected by a chronic condition or accident, please contact the office at the beginning of the school year or when the condition occurs and provide a doctor’s note. A Chronic Illness Certification Form must also be submitted that is completed by the student’s physician.

G. **SCREENINGS**

Various screenings may be scheduled through the Health Office during the school year. These will include vision and hearing.
SECTION III

III. STUDENT CODE OF CONDUCT

A. RESPONSIBILITIES OF STUDENTS

Student responsibilities include regular school attendance, conscientious effort in classroom work, and conformance to school rules and regulations. Most importantly, students share with the Administration and Faculty a responsibility to develop a climate within the school that is conducive to wholesome learning and living. No student has the right to interfere with the education of their fellow students. It is the responsibility of each student to respect the rights of Teachers, students, Administrators, and all others who are involved in the educational environment. Students should express their ideas and opinions in a respectful manner.

It is the responsibility of the student to:

1. Obey School Rules in Addition to State and Local Laws:
   Students have a responsibility to know all rules and regulations for student behavior and appearance, and obey rules and regulations in order to provide a safe and positive learning environment. In addition, students have a responsibility to be aware of and comply with state and local laws.

2. Cooperate with School Staff:
   Students have a responsibility to cooperate with school staff, authorities, and peers, as well as be willing to volunteer information in matters relating to the health, safety, and welfare of the school community and the protection of students and school property.

3. Respect the Rights of Others:
   Students have a right to an education without interference from others.

4. Attend School:
   Students have a responsibility to attend school daily and to be on time.

5. Complete Work Assignments:
   Students are responsible for completing all class work and homework on time. It is the student’s responsibility to get homework or make-up work for absences.

6. Be Prepared for Class:
   Students have a responsibility to bring to class any necessary books and materials that may be required to actively participate in class assignments and/or activities.

7. Respect School Property:
   Students have a responsibility to respect and to protect all school property, materials, and equipment.

8. Show Respect:
   Students have a responsibility to demonstrate respect for other students, Faculty, Staff, parents, community members, and themselves.
B. **SCHOOL-WIDE EXPECTATIONS**

**Expectation #1**
All students will respect and obey the law. Any illegal activity occurring during school hours, within the vicinity of the school (defined as a three mile radius) or while participating in any school activities/functions, will be met with zero tolerance, resulting in immediate suspension or expulsion. These illegal activities include, but are not limited to; possession or use of tobacco or alcohol, activities related in any way to purchase, use, or possession of drugs, gang related activities, possession of weapons or abuse. Behaviors that promote substance abuse, the use of violence, etc. are also prohibited.

Any employee who observes any person in possession of a weapon or simulated weapon on school premises shall immediately report the matter to the school Principal. The Principal shall immediately take appropriate safety and disciplinary actions in accordance with school policies and shall immediately report a violation of this policy to a peace officer, pursuant to A.R.S. 15-515, if the weapon is a deadly weapon or the student is a minor in possession of a firearm.

**Expectation #2**
All students will respect the property of others. Theft, vandalism, or any other mistreatment of property belonging to others, including the school, will result in consequences. These consequences may range from informal conference to expulsion, and may include restitution of stolen and damaged items or police involvement when necessary.

**Expectation #3**
All students will respect the ideas, beliefs, cultures, and individual differences of others. Students engaging in verbal abuse, intimidation, harassment, discrimination, disrespect of authority, fighting, profanity, obscene behavior, extortion, gang-related activities, or students provoking, instigating, or generating conflict will receive consequences ranging from an informal conference to expulsion based on attitude, severity, and prior history. Gang activity includes but is not limited to inappropriate verbal comments, physical gestures, behavior, and possession of gang paraphernalia or clothing used to promote or advertise gangs. *Any student that displays gang activity/involvement will be immediately suspended and may be recommended for expulsion.* Gang activity or involvement may include flashing of gang signs, inappropriate verbal comments or physical gestures, gang clothing colors or symbols worn on the body or symbols or gang words drawn on books or materials.

**Expectation #4**
All students will respect the privilege of education. Tardiness, unexcused absences, plagiarism, lying, cheating, dress code violation, public displays of affection, possession of pornography, inappropriate sexual behaviors, depictions of nudity, etc., or any form of academic misconduct will result in consequences ranging from an informal conference to expulsion based on attitude, severity, and prior history.
C. USE OF TECHNOLOGY & ELECTRONIC DEVICES

Students are allowed, under adult supervision, to make use of available technology such as video equipment, computer labs, graphing calculators and Internet access. Each user is required to use the computer privilege in support of education or research and must be consistent with the educational objectives of the school and courses.

Access is a privilege – not a right. Leading Edge Academy Gilbert Early College will provide an educational setting for use but cannot be held responsible for student violations of set standards. Activities that shall be considered inappropriate shall include, but not be limited to, unauthorized use of technology such as downloading any information without permission; accessing music, video and game sites; visiting social networking sites, such as Instagram or Facebook; as well as possession and/or display of vulgar, profane or obscene material. Students are never allowed to use another person’s login password to gain access to a school’s computer. Loss of user privileges, disciplinary action, and/or legal action will be taken for improper use and violation of rules and standards. Students who do not sign up for usage may limit their accessibility to resource materials.

Wireless Internet access is available on campus. Should a student bring their laptop to campus with Teacher and/or Administrator approval, they should abide by the set guidelines for e-mail and Internet usage. Again, loss of privileges and/or disciplinary action will be taken for improper use and violation of guidelines. Internet access is available for educational purposes ONLY.

Internet Protocol

- Be polite, using appropriate language and pictures in messages to others. Inappropriate language, illegal activities, and downloading inappropriate materials are prohibited.
- Respect and maintain user privacy. Do not reveal any personal addresses or phone numbers. Assume that all communication and information accessible through the network are private property. Copyright infringement is prohibited and illegal.
- Guard network security. Use the network appropriately in such a way that will not disrupt the use of the network by others.
- Damaging computers, computer systems, or computer networks is prohibited and will not be tolerated. If laptops/computers are found damaged (i.e., vandalized, downloaded viruses, etc.), student is responsible for the cost to repair or replace the computer(s).

Saving Documents

- Students are required to save documents created on the school computers to their personal flash drive. Documents saved to school computers may be deleted at the end of each day, and therefore students will not be able to retrieve the document at a later date. If students do not have a flash drive, they can e-mail the document to themselves (or to an alternative accessible e-mail address) as an attachment.
D. ACADEMIC MISCONDUCT OR CHEATING

Cheating on schoolwork is presenting the work of another as one’s own. This includes:

a. Copying an examination assignment or other work to be assessed, homework assignment, in-class assignment, etc.
b. Inappropriate collaboration on work to be assessed.
c. The use of “cheat sheets” or other forms of facsimile visual prompt.
d. Obtaining examinations, term papers, and essays from other sources, including electronic devices, with the intent to deceive.
f. Allowing a student to copy or look at one’s work; or divulge test questions.
g. Plagiarism is the representation of another’s words, thoughts, or ideas as one’s own.
   While it is expected that a student who is writing will use information from sources other than personal experience, appropriate acknowledgment of such sources is required.
   Plagiarism includes:
   - Using a direct quotation without citing the source.
   - Paraphrasing the ideas, interpretation, or expressions of another without giving credit.
   - Failing to acknowledge or document sources.

The offenses for cheating and/or plagiarism are kept on record and will be considered for the student’s entire high school enrollment.

E. DISCIPLINE PROCEDURES AND CONSEQUENCES

School rules are designed to protect all students. To protect the rights of all students, it is important that parents and students understand the consequences of misbehavior.

The following contains a list of common and/or serious student conduct violations, along with a range of consequences. This list is not meant to be exhaustive. The intention to commit prohibited conduct may subject the student to the same discipline as an actual violation.

The violations and actions listed are meant as guidelines to promote consistency of discipline and are not intended to limit the school’s ability to discipline students.
**Consequences for Student Misconduct**

*Note:* Administration will exercise discretion when determining consequences and may assign a more or less severe consequence than outlined in the guidelines below.

Per AZ Safe Regulations:
A single asterisk (*) indicates the violation is reported to the Arizona Department of Education

A double asterisk (**) must be reported to law enforcement and is reported to the Arizona Department of Education

Any act that violates the law may result in Law Enforcement involvement, in which case the Administrator will make every effort to contact the parent/guardian unless Law Enforcement Personnel indicate otherwise.

Students who have been long-term suspended or expelled from Leading Edge Academy or who have withdrawn pending disciplinary action may not attend school functions or return to the school campus at any time. Doing so may result in Law Enforcement involvement.
F. POSSIBLE CONSEQUENCES FOR PROHIBITED CONDUCT

**Conference:** The student meets with school Officials. The student shall be asked to correct the misbehavior. A conference could result in loss of privileges, detention, or work detail. This conference may be documented.

**Detention:** Loss of personal time before, during, or after school. Detention is held every Thursday at 7:30 a.m. Parents must provide transportation for detention, even if the student rides the shuttle. If a student is late or absent, they will receive a Friday School.

**Detention Friday School:** The student is assigned to stay on campus and sit in a classroom awake from 12:45-3:15 p.m. on a Friday afternoon. The student may not listen to music, work on homework, or engage in any activities.

**Restitution:** Payment to the appropriate authority for damage or loss of property.

**Teacher Involvement:** Teachers shall be involved in the implementation and enforcement of the Network’s disciplinary rules to the extent deemed necessary and appropriate to the situation. Teachers shall have the authority to temporarily remove disruptive students from their classes.

**Parent Involvement:** The student’s parent is notified by telephone, personal contact, or written notification. A conference may be held with the student, the parent and appropriate school personnel and other individuals concerned. This conference will be documented.

**In-School Suspension:** The student is removed from the regular classroom setting for one or more days and is assigned to a location isolated from other classmates. They will work on class work during these day(s) and will receive credit for the missed assignments. The parent will be notified.

**Short-Term Suspension:** The student is removed from school for a period of up to three (3) consecutive days or less. They must complete all missed assignments. The school Principal and/or designee may impose a short-term suspension. The student’s parent is notified by telephone and written notice that the student is subject to suspension. A short-term suspension of 3 days or less is not subject to appeal.

**Long-Term Suspension:** The student is removed from school for a period of up to 10 consecutive days or more. The school Principal and/or Designee may impose a long-term suspension. The student’s parent is notified by telephone and written notice that the student is subject to suspension. The student must complete all missed assignments.

**Expulsion:** The student is denied the opportunity to attend any school in the Network by the Governing Board. This decision is not subject to appeal.
G. SCHOOL-RELATED CRIMINAL AND CIVIL LAWS

**Parent Liability:** Upon complaint of the Governing Board, the parents of minors who have damaged school property shall be held liable for all damage caused by their children.

**Abuse of School Employee:** It is a violation of the law for a person to knowingly abuse a school employee on school grounds or while the employee is engaged in the performance of school-related duties.

**Aggravated Assault:** A person commits aggravated assault if such person commits the assault knowing or having reason to know the victim is a school employee engaged in the performance of school-related activities.

**Interference with the Peaceful Conduct of an Educational Institution:** A person commits interference with the peaceful conduct of educational institutions by knowingly:

- Going upon or remaining upon the property of any educational institution in violation of any rule of such institution or for the purpose of interfering with the lawful use of such property by others or in such manner as to deny or interfere with the lawful use of such property.
- Refusing to obey a lawful order given by school Officials.

A student who is determined to have threatened an education institution **shall** be expelled from school for at least one (1) year except that the school may modify this expulsion requirement for a pupil on a case-by-case basis. The school may reassign a pupil subject to expulsion to an alternative education program if the pupil participates in mediation, community service, restitution or other programs in which the pupil takes responsibility for the results of the threat. The school may require the student’s parent(s) to participate in mediation, community service, restitution or other programs with the student as a condition to the reassignment of the pupil to an alternative education program.

**Possession, Use or Sale of Drugs On or Near School Grounds (Drug-Free Zone):** It is unlawful for a person to intentionally be present with one or more persons within 300 feet of a school or its accompanying grounds, or to be present on any public property within 1000 feet of a school or its accompanying grounds, or a school bus stop to possess, use, or sell marijuana, a dangerous drug, or a narcotic drug. It is unlawful for a person to intentionally be present on a school bus to possess, use, or sell marijuana, a dangerous drug, or a narcotic drug.

**Drug and Alcohol Use by Students**

The term “drug abuse” includes non-medical use, possession, sale or purchase of all dangerous controlled substances prohibited by law, alcohol, hallucinogenic substances and inhalants, being under the influence of drugs or alcohol, possession of drug paraphernalia, and/or intent or attempt to do any of the aforementioned. All school employees and students are responsible for reporting suspected instances of drug abuse to the Principal. The appropriate
Law Enforcement Authorities shall be contacted in instances involving drug abuse. An attempt will be made to contact parent/legal guardian in instances involving drug abuse.

Attempted or actual drug abuse, which includes possession of, use of, or purchase of, shall subject a student to the following disciplinary action:

- A three to ten-day suspension by school Administration ranging to expulsion.

Permission and written directions from a physician concerning the medication shall be left with the school Health Assistant. Students who are in possession and/or under the influence of prescription or over-the-counter drugs, and who have not followed the directions described above may be suspended for up to ten days. More serious consequences could result when it is determined that a student who is in possession and/or under the influence of prescription or over-the-counter drugs is participating in a situation where there is a higher degree of involvement (i.e., quantity of drugs, type of drugs).

Students who distribute prescription drugs to others shall be considered as distributing drugs for non-medical purposes and shall be subject to a minimum ten days suspension. More serious discipline, including expulsion, can be imposed depending on the circumstances or situation.

Reasonable efforts shall be made to notify a student’s parent(s)/legal guardian(s) that the school Principal or another Administrator has questioned the student regarding violation of the school’s drug/alcohol abuse policy.

The conditions which follow are applicable to a student who holds identification as a medical marijuana cardholder issued by the Arizona Department of Health Services for the medical use of marijuana as set out in the Arizona Revised Statutes (A.R.S.).

Leading Edge Academy Gilbert Early College will not refuse to enroll a student or otherwise penalize a student for being a medical marijuana cardholder unless failure to do so would cause the school to lose a monetary or licensing benefit under federal law or regulations.

A student medical marijuana cardholder shall not possess or engage in the use of marijuana on school property, in a school vehicle, or at a school-sponsored event. A student medical marijuana cardholder is subject to, without bias, the same code of conduct and disciplinary standards applicable to all school students.

If school officials have a reasonable believe a student may be under the influence, in possession of or distributing medical marijuana in a manner not authorized by the medical marijuana statutes law enforcement authorities will be informed.

APPENDIX A: Lead Charter Schools Security Camera Policy

Security Camera Policy

For the purpose of maintaining a safe and orderly educational environment, for identifying disciplinary issues, for minimizing theft and vandalism, to safeguard Network buildings, grounds and equipment, to monitor unauthorized individuals in or on school property, and for enforcing School policies and rules, Leading Edge Academy authorizes the use of electronic surveillance cameras in School Network buildings and on its property. Cameras are authorized for use in any area, inside or outside of School buildings where the public, students and Staff have no reasonable expectation of privacy: entrances, hallways, classrooms, commons, gymnasiums, athletic fields, parking lots and the exterior of buildings. Cameras are prohibited in areas such as bathrooms, locker rooms and health rooms.

Other public areas of Network buildings and grounds may be subject to limited term surveillance with the written authorization of the Network Administrator. Such approval will be granted only in situations when the Network Administrator has reason to believe that a safe and orderly educational environment is at risk or to monitor areas where theft and vandalism are believed to be occurring.

Notification
Signs will be posted at all main entrances to Network buildings stating "Surveillance Cameras May Be In Use."

Leading Edge Academy shall notify students and Staff through student and employee handbooks and appropriate signage that security cameras have been installed and may be used at any time.

At each School or site where video surveillance is employed, the School Principal or other site Administrator shall inform students, Staff, and parents at the beginning of each school year that video surveillance will occur throughout the school year and explain the purpose for such monitoring practice.

Access and Use
Only individuals authorized by the Director of Schools, in accordance with policy, shall have access to video monitors, or be permitted to operate the controls. The Network Technology Assistant shall be responsible to manage and audit the use and security of monitoring cameras, monitors, hard drive storage, computers used to store images, and all other video records.

Students or Staff identified on security cameras in violation of Leading Edge policies will be subject to disciplinary action. Violations of the law will be referred to Law Enforcement Agencies and the recorded video evidence will be provided to Law Enforcement Agencies.

Video electronic data will be erased normally on a weekly basis. Video electronic data that contains personal information used to make a decision directly affecting an individual, however, may be retained for a longer period of time as needed.

Other Video Recordings:
A video recording of actions by students or Staff may be used by Leading Edge Administration as evidence in any disciplinary action brought against students or Staff arising out of the student's or Staff member's conduct in or about Leading Edge property.
APPENDIX B: Family Educational Rights & Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
  - School Officials with legitimate educational interest;
  - Other schools to which a student is transferring;
  - Specified Officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for or on behalf of the school;
  - Accrediting organizations;
  - To comply with a judicial order or lawfully issued subpoena;
  - Appropriate Officials in cases of health and safety emergencies; and
  - State and Local Authorities, within a juvenile justice system, pursuant to specific State law.
  - Federal law also requires that high schools release directory information of juniors and seniors to military recruiting agencies unless the school or District has been notified by the parent not to disclose the information without consent.
Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, sports participation (including height and weight of athlete), and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

If a Child Protective Services Worker or Law Enforcement Officer wishes to speak to a student regarding an investigation of alleged child abuse by a parent or if the parent or guardian is suspected of some other type of crime and the student has information as a witness, parental notification is not permitted.

School Officials shall cooperate with the investigating Officer or Child Protective Services Worker. If a student is taken into protective custody, the above officers shall be requested to show proper identification and sign a “Form of Interviewing Officer.” Six (6) hours after the student has been taken by the Officer or Worker, school personnel may respond to questions from the student’s parent or notify the parent, if necessary.

Unless the student is being questioned regarding abuse or criminal activity of a parent, the school shall notify a parent prior to the interrogation, and ask the parent if the Officer may question the child. If the parent consents to the interrogation, the parent will be asked to be present at the school for the questioning or to authorize the interrogation in their absence. If the parent cannot be reached or refuses authorization, the Peace Officer will be requested to contact the parent to make other arrangements.

If a Law Enforcement Officer is present on campus, at the request of the school, to interview students due to concerns for safety of the students, parent contact will only be made if a student is taken into custody or following the decision that the student may be subject to discipline for a serious offense.

If a Peace Officer is present at the school with a warrant or subpoena, the Officer will be asked to complete and sign a “Form for Signature of Arresting Officer.” School personnel shall make every reasonable effort to make sure personnel of the school cooperate fully with the police. When the arrest is formally made, the school and its employees no longer exercise jurisdiction over the student, and the school may respond to inquiries from the parents as to the location of the student.
CHILD FIND
The intent of Child Find is that all children from birth through age 21 with delays or disabilities are identified, located, and evaluated to receive the supports and services they need.

Identification/screening procedures shall be completed within 45 calendar days after enrollment for each kindergarten student and new students enrolling without appropriate screening records. The screening helps “identify” any areas of concern that need to be evaluated further. In order to receive early intervention or special education services, a child must be evaluated to confirm they have a delay or disability that falls under state definitions.

If needed, the student is evaluated using state criteria for specific delays or disabilities. If eligible, Leading Edge Academy Gilbert Early College will offer early intervention or special education services according to the student’s needs.

- Special education services for school-age children in kindergarten through the age of 21 provide specialized instruction and services to assist children in the education environment.

STUDENTS WITH DISABILITIES COVERED BY SECTION 504
Section 504 of the Rehabilitation Act is a civil rights statute that prohibits discrimination against disabled persons in any of the Network’s programs or activities. A student is protected by Section 504 if they have or has had a physical or mental impairment, which substantially limits a major life activity or is regarded as disabled by others.

Leading Edge Academy Gilbert Early College will determine eligibility and provide appropriate accommodations and services to students who are covered by Section 504. The school will also ensure that no student with a disability is excluded from participation in, or be denied the benefits of services, programs or activities of the school due to the disability that qualified the student for protection under Section 504.

INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA)
The Individuals with Disabilities Education Act (IDEA) is a federal law that protects the rights of students with disabilities. In addition to standard school records for children with disabilities, education records could include evaluation and testing materials, medical and health information, Individualized Education Programs and related notices and consents, progress reports, materials related to disciplinary actions, and mediation agreements. Such information is gathered from a number of sources, including the student’s parents and Staff of the school. Also, with parental permission, information may be gathered from additional pertinent sources, such as doctors and other health care providers. This information is collected to assure the child is identified, evaluated, and provided a Free Appropriate Public Education in accordance with state and federal special education laws.
PROHIBITED HARASSMENT
Any person who believes he/she has been the subject of or is a witness to discrimination or harassment shall immediately notify any teacher, office personnel, or the school Principal. Complaints that cannot be reported immediately must be reported within thirty (30) calendar days. The school employee receiving the report or complaint, or who personally witness discrimination or harassment, shall immediately inform the school Principal of the report or complaint and complete a Statement of Facts form.

Leading Edge Academy Gilbert Early College takes very seriously any sexual harassment. Sexual harassment is a form of discrimination in educational opportunities on the basis of sex. It is prohibited by Title VII of the federal Civil Rights Act of 1964, by Title IX of the Education Amendments of 1972, by the Arizona Civil Rights Act and by school policy. Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature. This includes employee-to-student actions, student-to-employee actions, and student-to-student actions. If you feel you have been sexually harassed or you know someone who has been sexually harassed, you should report it immediately to the Administration. The Administration will take immediate steps to investigate complaints and to take appropriate remedial action. Sexual harassment by students will not be tolerated and will result in disciplinary action.

NON-DISCRIMINATION
Federal and state laws prohibit discrimination on the basis of race, color, national origin, gender, religion, age, or disability. Leading Edge Academy provides a nondiscriminatory learning and work environment ensuring that all students and staff are free from unlawful discrimination. A lack of English language skills will not be a barrier to admission and participation in the education programs of the school. This commitment extends to all school programs and school sponsored events.

In the event a student experiences discrimination, the student should report the incident to the school Principal within ten (10) school days. The inability of a student to speak English should not prevent the student from reporting a violation. Every reasonable measure to interpret a non-English speaker’s concerns will be taken. The school Principal will investigate the incident personally or designate another school employee to conduct the investigation at the Principal’s discretion. The alleged victim or witness will be required to complete a Statement of Facts form, or if a Statement of Facts form is not available, set forth in another written form all information relevant to the complaint including a description of the conduct alleged (i.e. specific words, statements, or actions), names of perpetrator and victim, places, times, and other witnesses. The Principal shall contact an outside agency (i.e. Department of Child Safety or law enforcement) as required by statute or when otherwise deemed appropriate by the Principal.

PROHIBITED TOBACCO USE ON SCHOOL PREMISES & AT ANY SCHOOL-SPONSORED FUNCTION
If students are found to be in possession of, or using tobacco in any form while on school premises, during school hours (including off-campus lunch), or at any school-sponsored function, they have violated the no-tobacco policy and are subject to disciplinary action. Minimal disciplinary actions may include parental notification and/or a police citation with a fine. Maximum disciplinary action(s) are dictated by the age of the student and the circumstances and/or number of violations. The maximum actions may include suspension.

IMPORTANT NOTICE TO PARENTS CONCERNING STUDENT INJURIES
Even with the greatest precautions and the closest supervision, accidents can and do happen at school. They are a fact of life and a part of the growing-up process our children go through. Parents need to be aware of this and be prepared for possible medical expenses that may arise should their child be injured at school. The Network does not provide medical insurance to automatically pay for medical expenses
when students are injured at school. This is the responsibility of the parents or legal guardians. The Network carries only legal liability insurance.

MANDATORY REPORTING OF CRIMINAL ACTIVITY TO LAW ENFORCEMENT
Any school personnel or any other person who has responsibility for the care or treatment of a minor and who reasonably believes that a minor is or has been the victim of physical injury, abuse, child abuse, a reportable offense or neglect that appears to have been inflicted upon the minor by other than accidental means or that is not explained by the available medical history as being accidental in nature or who reasonably believes there has been a denial or deprivation of necessary medical treatment or surgical care or nourishment with the intent to cause or allow the death of an infant who is protected under A.R.S. 36-2281 shall immediately report or cause reports to be made of such information to a peace officer or to the Department of Child Services (DCS) of the Department of Economic Security, except if the report concerns a person who does not have care, custody, or control of the minor, the report shall be made to a peace officer only. Such reports shall be made immediately either electronically or by telephone.

A report is not required under A.R.S. 13-3620 for conduct prescribed by A.R.S. 13-1404 and 13-1405 if the conduct involves only minors who are fourteen (14), fifteen (15), sixteen (16) or seventeen (17) years of age and there is nothing to indicate that the conduct is other than consensual.

A report is not required if a minor is of elementary school age, the physical injury occurs accidentally in the course of typical playground activity during a school day, occurs on the premises of the school that the minor attends and is reported to the legal parent or guardian of the minor and the school maintains a written record of the incident. The school will maintain a written record of the physical injury as part of the student’s health file as required by Arizona State Library, Archives and Public Records (ASLAPR).

DUE PROCESS
Students at Leading Edge Academy Gilbert Early College have rights. In disciplinary cases, each student is entitled to due process. This means students shall be informed of accusations against them and will have an opportunity to present an alternative factual position if the accusations are denied. If a student fails to fulfill their responsibilities regarding conduct, disciplinary action will follow. In disciplinary cases, a student is entitled to due process.

For student and/or parent concerns, complaints and grievances, parents and students are encouraged to schedule a conference with the Teacher or Administrator to express concerns directly.

SEARCHES OF STUDENT PROPERTY
A student or their possessions, including lockers, backpacks, and/or vehicles on school property may be searched if there is a reasonable suspicion that they are in possession of illegal, dangerous, or inappropriate items or substances. A student’s refusal to cooperate with a search may result in suspension, expulsion, or law enforcement involvement.

TEACHER RESUMES
Teacher resumes are on file in the school office for review at each campus.

ABUSE OF A TEACHER
A person who knowingly insults or abuses a Teacher on school grounds or while the Teacher is performing their duties is guilty of a misdemeanor which is punishable by a fine and/or imprisonment.
LAW ENFORCEMENT AGENCIES
When Law Enforcement Officers or other lawful authorities wish to question or interview a student at school or to take a student into custody, the Principal, or an Executive Level Director, will make every effort to cooperate with the authorities. The Principal will record the identity of the Law Enforcement Personnel and any documentation presented. The Principal will take precautions by verifying the Law Enforcement Officer’s identity, jurisdiction, probable cause, and/or legal grounds for the questioning or arrest. The Principal will make reasonable efforts to contact the student’s parent/guardian prior to the questioning or arrest, unless the Law Enforcement Personnel raises what the Principal considers a valid objection. The Principal may also be present during any questioning or interviewing, unless the Law Enforcement Personnel raises what the Principal considers a valid objection. The Principal will verify the Law Enforcement’s authority to take a student into custody prior to releasing the student. It is understood that the Principal will make decisions in their best judgment, but that they are not trained in legal or law enforcement issues and will not be held responsible for decisions made.

APPENDIX G: Leading Edge Academy Gilbert Early College Locker Policy

**Locker Policy**

All lockers made available for student use on the school premises, including, but not limited to, lockers located in the hallways and physical education and athletic dressing rooms, are the property of the school. These lockers are made available for student use in storing school supplies and personal items necessary for use at school, but the lockers are not to be used to store items which cause, or can reasonably be foreseen to cause, an interference with school purpose or an educational function, or which are forbidden by state law or school rules. A student who uses a locker that is the property of the school is presumed to have no expectation of privacy in that locker or the locker’s content.

The student’s use of the locker does not diminish the school ownership or control of the locker. The school retains the right to inspect the locker and its contents to ensure that the locker is being used in accordance with its intended purpose, and to eliminate fire or other hazards, maintain sanitary conditions, attempt to locate lost or stolen material such as weapons, illegal drugs or alcohol, or any other material forbidden by school policy.

**Locker Rules**

In order to implement the school policy concerning students’ lockers, the School Board adopts the following rules and regulations.

1. **LOCKS**
   The school will retain access to the student lockers by keeping a master list of combinations and/or a master key. Students may not use their own locks to prevent access to lockers by school officials and any unauthorized locks may be removed without notice and destroyed.

2. **USE OF LOCKERS**
   Lockers are to be used to store school supplies and personal items necessary for use at school. Lockers shall not be used to store items which cause, or can reasonably be foreseen to cause, an interference with school purpose or an educational function, or which are forbidden by state law or school policy, such as drugs, prescription or other, drug paraphernalia, beverages containing alcohol, weapons, any flammable substance, bomb or explosive device, pungent acid or nauseous chemical, any stolen items, any obscene material, or tobacco products that are banned by the school rules or regulations. Students will be expected to keep their lockers in a clean and orderly manner. Lockers must be maintained in the condition in which they were assigned. No decorating the exterior of the lockers is allowed.

3. **AUTHORITY TO INSPECT**
   The school retains the right to inspect lockers to ensure they are being maintained in accordance with the conditions of Rule Number 2. All inspections of student lockers shall be conducted by the Principal or a member of the Administrative staff designated by the Principal or Network Office.
4. **INSPECTION OF INDIVIDUAL STUDENT’S LOCKERS**

The inspection of a particular student’s locker will not be conducted unless the Principal or Designee has a reasonable suspicion to believe that the locker to be inspected contains items which cause, or can reasonably be foreseen to cause, an interference with school purpose or an educational function, which are forbidden by state law or school rules, or which pose an imminent and serious threat to health and safety necessitating the general search of part or all of the lockers, as set forth in Section 5 of this policy.

5. **INSPECTION OF ALL LOCKERS**

An inspection of all lockers in the school, or all lockers in a particular area of the school, may be conducted if the Principal or Director reasonably believes that such an inspection is necessary to prevent, impede or substantially reduce the risk of:

- (1) an interference with school purpose or an educational function,
- (2) a physical injury or illness to any person
- (3) damage to personal or school property, or
- (4) a violation of state law or school policy

Examples of circumstances justifying a general inspection of a number of lockers are:

(a) When the school receives a bomb threat:
(b) When suspicion of student drug or alcohol use creates a reasonable belief or an unusually high level suspicion of student use:
(c) At mid-term; end of grading period; before school holidays; to check for missing library books, lab chemicals, or school equipment; or to ensure sanitary conditions; or to ensure that hazardous materials aren’t present:
(d) When there is a reasonable belief that weapons or stolen contraband may be stored in the lockers.

If a general inspection of a number of lockers is necessary, then ALL lockers in the defined inspection area will be examined. Students will not necessarily be given the opportunity to be present while a general inspection is being conducted.

6. **STUDENT MATERIAL**

When conducting an inspection pursuant to these rules, the inspector shall take care to avoid disrupting the contents of the locker or intruding unnecessarily into any student’s written material located in the locker. In addition, as to written material, the inspection will be kept to the minimum level necessary to determine that such material is not in itself, or being used to conceal, contraband.
7. **DISPOSAL OF CONFISCATED CONTRABAND**
   All contraband confiscated from lockers may be disposed of by the Principal or Designee as he or she deems appropriate, including:
   (1) Return to the proper owner or place, unless it posed a threat to health or safety;
   (2) Use as evidence in a student discipline proceeding if possession of the contraband constitutes a ground for suspension or expulsion;
   (3) Delivery to the appropriate Law Enforcement Officials for prosecution purposes if possession of the contraband constitutes evidence of a crime: or
   (4) Destruction.

8. **INVOlvement Of LAvE Enforcement OFFICIAL**
   The Principal or Director may request the assistance of a Law Enforcement Official to assist the school Administrators in inspecting lockers or their contents for purpose of enforcing school policies only if such assistance is required:
   (1) To identify substances which may be found in the lockers: or
   (2) To protect the health and safety of persons or property, such as to aid in the discovery and disarming of bombs which may be located in the lockers.

9. **LOCKER CLEANING**
   Nothing in these rules shall affect members of the Custodial Staff who, at the direction of a Principal or Administrator, will clean out:
   A. Lockers from time to time in accordance with a general housekeeping schedule, or
   B. The locker of the student no longer enrolled in the school.

10. **PUBLICATION Of RULES**
    A copy of these rules shall be provided to each student and his or her parents or guardian at the start of each school year or as soon as possible after the student’s enrollment in the school. Copies of the rules shall be available in the office. Parents and students will be required to sign a form that says they have read and agreed to follow the policy prior to being issued a locker.
APPENDIX H: Leading Edge Academy Gilbert Early College Bring Your Own Technology (BYOT) Policy

Bring Your Own Technology (BYOT) Responsible Use Guidelines

Purpose:
Leading Edge Academy Gilbert Early College strives to provide appropriate and adequate technology as one way of enhancing our mission to teach the skills, knowledge and behaviors students will need as responsible citizens in the global community. In an effort to increase access to those 21st Century skills, Leading Edge Academy Gilbert Early College will allow personal devices on our guest network and school grounds for students who follow the responsibilities stated in the Acceptable Use Policy and attached guidelines regarding BYOT.

The use of personal devices by students is optional, and students who do not participate in BYOT will not be penalized and alternate modes of participation will be available.

An important component of BYOT will be education about appropriate online behaviors. We will review cyber-safety rules with students frequently throughout the course of the school year and will offer reminders and reinforcement about safe online behaviors. In addition to the rules outlined in these guidelines, students will be expected to comply with all class and school rules while using personal devices. The use of technology is not a necessity but a privilege. When abused, privileges will be taken away.

Device Types:
For the purpose of this program, the word “devices” will include but is not limited to: laptops, netbooks, cell phones, smart phones, iPods, iPads, MP3 players, tablets and eReaders. Please note that gaming devices with internet access are not permissible at this time.

Guidelines:
- Students and parents/guardians participating in BYOT must adhere to the Student Code of Conduct, Student Handbook, Acceptable Use Policy and all Board Policies, particularly Internet Acceptable Use.
- Each teacher has the discretion to allow and regulate the use of personal devices in the classroom and on specific projects.
- Approved devices must be in silent mode while on school campus, unless otherwise allowed by a teacher. Headphones may be used with teacher permission.
- Devices may not be used to cheat on assignments, quizzes, or tests or for non-instructional purposes (such as making personal phone calls and text messaging).
- Students may not use devices to record, transmit, or post photographic images or video of a person or persons on campus during school hours or during school activities.
- Devices may only be used to access computer files on internet sites which are relevant to the classroom curriculum.

Students and Parents/Guardians acknowledge that:
- The school’s network filters will be applied to a device’s connection to the internet and any attempt to bypass the network filters is prohibited.
• Leading Edge Academy Gilbert Early College is authorized to collect and examine any device that is suspected of causing technology problems or was the source of an attack or virus infection. Students are prohibited from:
  o Bringing a device on premises that infects the network with a virus, Trojan, or program designed to damage, alter, destroy, or provide access to unauthorized data or information.
  o Processing or accessing information on school property related to “hacking,” altering, or bypassing network security policies.
• Students and parents should be aware that devices are subject to search by school administrators if the device is suspected of a violation of the Student Code of Conduct. If the device is locked or password protected, the student will be required to unlock the device at the request of a school Administrator.
• Printing from personal devices will not be possible at school.
• Personal devices must be charged prior to school and run on battery power while at school. Charging of devices will not be permitted on campus.

Lost, Stolen, or Damaged Devices:
Each user is responsible for their device and should use it responsibly and appropriately. Leading Edge Academy Gilbert Early College takes no responsibility for lost, stolen, or damaged devices, including lost or corrupted data on those devices. While school employees will help students identify how to keep personal devices secure, students will have the final responsibility for securing their personal devices. Please check with your homeowner’s policy regarding coverage of personal electronic devices, as many insurance policies can cover loss or damage.

Usage Charges:
Leading Edge Academy Gilbert Early College is not responsible for any possible device usage charges to your account that might be incurred during approved school-related use.

Internet Protocol Considerations:
Users should strive to maintain appropriate bandwidth for school-related work and communications. All users will use the “Student” wireless network to access the internet. Leading Edge Academy Gilbert Early College does not guarantee connectivity or the quality of the connection with personal devices. The Leading Edge Academy Technology department is not responsible for maintaining or troubleshooting student tech devices.
To waive the required Physical Education class, a student must fill out a Physical Education Waiver Request. The activity must meet the following criteria to waive the on-campus course:

- Minimum of 90 hours of documented participation required per semester
- Taught by an accredited or highly qualified instructor through a recognized organization
- Summer Activities cannot be included in the PE Waiver
- Examples of activities: dance, gymnastics, club sports, swimming, martial arts, etc.

Waivers must be signed by the activity’s sponsor/instructor, as well as the school’s Athletic Director, and turned into the school office. This is only a waiver of the Physical Education class requirement. This waiver does not grant the .5 PE credit. The .5 credit required for graduation must be attained through another elective class.

APPENDIX J: Lead Charter Schools Service Animals Policy

Service animal means any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a documented medically diagnosed disability, including a physical, sensory, psychiatric, intellectual or other mental disability. Service animal does not include other species of animals, whether wild or domestic or trained or untrained.

Leading Edge Academy does not discriminate against individuals with disabilities who use service animals if the work or tasks performed by the service animal are directly related to the individual’s disability. Work or tasks include assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities and helping individuals with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal’s presence and the provision of emotional support, well-being, comfort or companionship do not constitute work or tasks.

Individuals with disabilities shall be permitted to be accompanied by their service animal in all areas of the School’s facilities where members of the public, participants in services, programs or activities, or invitees are allowed to go. A service animal may be excluded from the School if one or more of the following apply:

- The animal poses a direct threat to the health or safety of others.
- The animal fundamentally alters the nature of the School, services or activities provided.
- The animal poses an undue burden.

A service animal shall be under the control of its handler. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash or other tether or use of the harness, leash or other tether would interfere with the service animals’ safe, effective performance of work or tasks, in which case the service animal must be under the handler’s control.

The School shall not be responsible for the training, feeding, or grooming. The School must approve any person who is authorized by the owner to assist in care and supervision of the service animal while on school property.

A request for an individual with a disability to be accompanied by a service animal must be submitted to the Principal at least three (3) days prior to bringing the service animal to school or to a school function. Forms are available by contacting the School Office.

Service dog requests must provide proof of the following vaccinations: DHLPPC (distemper, hepatitis, leptospirosis, paroinfluenza, parvovirus, and coronavirus) bordatella, rabies. Miniature horse requests must provide proof of the following vaccinations: Equine Infectious Anemia (Coggins Test), rabies, tetanus, encephalomyelitis, rhinoneumonitis, influenza, and strangles.

All service animals must be: spayed or neutered; treated for and kept free of fleas and ticks; and kept groomed to avoid shedding and dander. Owners of the service animal are liable for any harm or injury caused by the animal to students, staff, visitors, and/or property.
APPENDIX K: Lead Charter Schools Restraint and Seclusion Policy

This Policy addresses the behavior management techniques to be used with students attending Leading Edge Academy. Behavior management techniques such as restrain, seclusion, temporary removal from the classroom and confinement shall be utilized in accordance with the following standards:

Temporary Removal
Teachers are authorized to temporarily remove a student from a class. A teacher may temporarily remove a student and send them to the Principal, or to another administrator, as long as the removal is done in accordance with:

- The rules established for the referral of students, as outline din the School’s behavior management and expectations Policy; or
- The conditions of A.R.S. S 15-841, when applicable.

Confinement
Under A.R.S. § 15-843, the Principal shall ensure that disciplinary practices involving the confinement of students left alone in an enclosed space shall include the following:

- Prior written parental notification that confinement may be used for disciplinary purposes is included in the student's enrollment packet or admission form.
- Written parental consent has been obtained before confinement is allowed for any student in the School.
- An exemption to prior written parental consent exists if a school principal or teacher determines that the student poses imminent physical harm to self or others. In this instance, the school principal or teacher shall make reasonable attempts to notify the student's parent or guardian in writing by the end of the same day that confinement was used.

Restraint and Seclusion
The use of restraint or seclusion is not to be limited, by policy or practice, to students with disabilities. Restraint and Seclusion are defined in A.R.S. § 15-105 as follows:

"Restraint" means any method or device that immobilizes or reduces the ability of a student to move the student's torso, arms, legs or head freely, including physical force or mechanical devices. The following are not considered to be a restraint:

a) Methods or devices implemented by trained school personnel or used by a student for the specific and approved therapeutic or safety purposes for which the method or device is designed and, if applicable, prescribed.

b) The temporary touching or holding of the hand, wrist, arm, shoulder or back for the purpose of inducing a student to comply with a reasonable request or to go to a safe location.

c) The brief holding of a student by one adult for the purpose of calming or comforting the student.

d) Physical force used to take a weapon away from a student or to separate and remove a student from another person when the student is engaged in a physical assault on another person.

"Seclusion" means the involuntary confinement of a student alone in a room from which egress is prevented. Seclusion does not include the use of a voluntary behavior management technique, including a timeout location, as part of a student's education plan, individual safety plan, behavioral plan or individualized education program that involves the student's separation from a larger group for purposes of calming.

Restraint or seclusion techniques may be used on any student if both of the following apply:

1. The student's behavior presents an imminent danger of bodily harm to the student or others; and
2. Less restrictive interventions appear insufficient to mitigate the imminent danger of bodily harm.
If a restraint or seclusion technique is used on a student:

- The use of restraint or seclusion is to be used only in an emergency to protect persons from imminent, serious physical harm to self or others.
- The restraint or seclusion technique shall be used only by school personnel who are trained in the safe and effective use of restraint and seclusion techniques unless an emergency situation does not allow sufficient time to summon trained personnel.
- School personnel shall maintain continuous visual observation and monitoring of the student while the restraint or seclusion technique is in use. If seclusion is utilized, school staff must reassess the child every thirty (30) minutes and if the need for seclusion extends beyond one hour, an administrator’s approval is required for continued seclusion.
- Any area used for seclusion must be free of objects that could cause harm, must provide for adequate visual and audio supervision of the student, must provide adequate lighting and ventilation, and must not be locked.
- The restraint or seclusion technique shall end when the student's behavior no longer presents an imminent danger to the student or others.
- The restraint technique employed may not impede the student's ability to breathe.
- The restraint technique may not be out of proportion to the student's age or physical condition.
- A debriefing with affected staff and parents and, if appropriate, the student must be conducted within forty-eight (48) hours. During the debriefing a determination should be made regarding the need for a functional behavioral assessment (FBA).
- A student who has required crisis management on the part of the school staff more than three (3) times in a semester must have a functional behavioral assessment (FBA) and, if appropriate, a behavior intervention plan (BIP) developed within a reasonable time following the third (3rd) restraint or seclusion incident.

Leading Edge Academy requires the following procedures to be adhered to when a restraint or seclusion technique has been used on a student:

1. School personnel shall provide the student's parent or guardian with written or verbal notice on the same day that the incident occurred, unless circumstances prevent same-day notification. If the notice is not provided on the same day of the incident, notice shall be given within twenty-four hours after the incident.
2. Within a reasonable time following the incident, school personnel shall provide the student's parent or guardian with written documentation that includes information about any persons, locations or activities that may have triggered the behavior, if known, and specific information about the behavior and its precursors, the type of restraint or seclusion technique used and the duration of its use.
3. Schools shall review strategies used to address a student's dangerous behavior if there has been repeated use of restraint or seclusion techniques for the student during a school year. The review shall include a review of the incidents in which restraint or seclusion technique were used and an analysis of how future incidents may be avoided, including whether the student requires a functional behavioral assessment.
4. If the need to contact and request support from law enforcement instead of using a restraint or seclusion technique on a student is determined necessary, the school shall comply with the reporting, documentation and review procedures established under the paragraphs above.

**Corporal Punishment**
For the purposes of this Policy, corporal punishment is defined as the deliberate infliction of pain intended to discipline or reform a person's bad attitude and/or behavior. Leading Edge Academy prohibits the use of corporal punishment.
LEADING EDGE ACADEMY GILBERT EARLY COLLEGE STUDENT HANDBOOK & POLICIES ACKNOWLEDGEMENT FORM

This information is presented in order to ensure the safety and well-being of all students at Leading Edge Academy Gilbert Early College. It is also meant to ensure that all students and parents/guardians have received communication regarding the various policies and procedures at Leading Edge Academy Gilbert Early College.

My signature below indicates I have listened to, or read, an explanation of the following policies:

- Attendance and Tardiness Policies, requiring a student to be in attendance at least 90% of the time in order to earn course credit. Excessive absences may result in the withholding of credit. Excessive absences include unexcused absences. (This means that I am allowed nine (9) absences per semester per period and may lose credit on the tenth (10th) absence per period.)
- Student Conduct including the dress code, academic requirements, and policies regarding extracurricular activities.
- Student Conduct on school vehicles. Riding the bus is a privilege, not a right. Suspension of bus riding privileges does not relieve parents of the responsibility of sending a child to school.
- Use of technology and electronics as outlined in the Handbook and Appendix H: Bring Your Own Technology (BYOT) Responsible Use Guidelines.
- Drug and alcohol abuse. (I understand that drug/alcohol abuse includes illegal drugs, alcohol, prescription drugs, and other mind-altering substances. Abuse includes the possession, use, distribution, sale, or purchase of any of the above.)
