

# Leading Edge Academy Parent and Student VUE Information

## ParentVUE and StudentVUE

Leading Edge Academy uses ParentVUE and StudentVUE to help parents and students monitor academic performance and stay informed about the day-to-day insights of a student's academic experiences. The ParentVUE and StudentVUE portal allow you to access near real-time information on assignments and scores, attendance, and demographic information. Parents can even update their household information, submit future absences, request classes, view the student schedule, communicate with teachers, and so much more!

**Access ParentVUE and StudentVUE by clicking [HERE](#).**

In order to log in for the first time, an activation code is needed. Please get in touch with your child's school to get the activation code.

### **Instructions for logging in for the first time:**

Synergy Parent Registration/User Guide can be found [HERE](#).

### **Instructions for disabling your pop-up blocker:**

[Apple](#) and [Chrome](#)

### **• ParentVUE and StudentVUE Mobile App**

- We also highly recommend downloading the ParentVUE and StudentVUE app to your mobile device. It will allow you to receive push notifications for alerts that you set up.
- Examples of notifications: When a student's grade drops to a D, when a student is marked absent, etc.
- Download the ParentVUE and StudentVUE iPhone apps from the iTunes Store.

ParentVUE:
